Exhibit J

Definitions

Exhibit N, ("Definitions") defines terms used in the Tenant Selection Plan document, not otherwise defined within the text of the document itself.

**ACC-Assisted Units** - Housing reserved for public housing eligible households with incomes ranging from 0% to 60% of current area median income at initial occupancy and in accordance with the provisions of a CHA Annual Contributions Contract. The distribution of the ACC-assisted units by bedroom size shall be the same distribution contained in the Regulatory and Operating Agreement.

**Affirmative Fair Housing Marketing Plan** - A marketing plan that is designed to promote equal housing choice for all prospective residents regardless of race, color, religion, sex, disability, familial status, or national origin. The plan outlines marketing strategies the owner must use, including special efforts to attract persons who are least likely to apply because of such factors as the racial and ethnic composition of the neighborhood in which the property is located.

**Affordable Housing Units** - Housing reserved for households with incomes no more than 60% of current area median income.

**Chicago Housing Authority’s Admission and Occupancy Policy** - That certain Admission and Occupancy Policy adopted by the Chicago Housing Authority as it may be amended from time to time.

**Final Marketing Plan** - A marketing plan developed by the owner and approved, as necessary, by regulatory agencies that outlines the marketing strategies the owners will use to attract all segments of the eligible population. The plan details all projected advertising efforts, including newspaper advertisements, signage, brochures, and community contacts.

**Low-Income Housing Tax Credit (LIHTC) Requirements** - Established by the Tax Reform Act of 1986, this program authorizes a federal tax incentive for the construction or rehabilitation of rental housing units occupied by low-income households. State housing credit agencies award the limited annual supply of tax credits to developers of projects picked in application cycles. The LIHTC provides the owner with a tax credit to offset federal income tax for a 10-year period. The size of the tax credit is based on the construction or rehabilitation costs for the low-income units. Tenants of tax credit units may not have initial incomes greater than 50% or 60% of the area median income, adjusted for family size. The maximum rent charged to low-income tenants is 30% of the maximum income for a qualified low-income household. At least 20% of the units in a tax credit project must be occupied by households earning 50% or less of the area median
income. Alternatively, at least 40% of the units must be occupied by tenants earning 60% or less of area median income, adjusted for household size. The preceding "set-aside" percentage and the rent limit for low-income units must be met continuously for the tax credit project for the compliance period, which is at least 15 years.

**Relocation Rights Contract (RRC)**- That certain Relocation Rights Contract dated ________________ entered into by and between the Chicago Housing Authority and ____________________.
